RACE TRACK, GRAVESSEND, Sept. 21.—The card here to-day was most at- tractive, yet very few people put in an appearance. Compared with other meet- ings this one can hardly be called a suc- cess financially.

Superintendent Byrnes submitted a re- port this afternoon to the Police Com- missioners showing the result of his in- vestigation of the charge that fraud was being perpetrated in the civil service ex- amination of applicants for appointment on the police force.

The charges were made by Daniel P. Hays and Lemuel Skidmore, of the Civil Service Supervisory Board, in a letter addressed to Mayor Gilroy.

Chairman Hays's letter said that there is "strong presumption, if not a cer- tainty of deliberate fraud," referring to the examination papers of John Dolan, James Crowley and William Thompson, each seeking appointment on the police force.

The Superintendent's report says that in the cases of Dolan and Crowley the examination was written on paper of the kind supplied by the Civil-Service Board for the purpose, and the papers were all in the handwriting of the respective candidates, and that if the papers on Rules and Regulations is better than the others it is due to the fact that copies of the rules were distributed to can- didates ten days prior to their examina- tion, while the candidate could get no inkling of the other questions till called upon to answer them.

Dolan and Crowley, when questioned by Supt. Byrnes, said they devoted every spare moment to the study of the rules. Aside from the careful preparation of Crowley's paper, the Superintendent finds no grounds for suspicion.

In the case of William Thompson the Superintendent finds that his paper is a different hand from that of his other papers, and that it is not written on the kind of paper furnished by the Board.

I am convinced that there was an attempt to fraudulently secure the ap- pointment of these three candidates," says the report. "When I showed this paper to Thompson he said he did not know how it came to be passed off as his work."

There is some reason to doubt the truth of Thompson's statement, for the paper bears on its face that he has seen it before, and that he never saw it before and had no idea as to how it came to be passed off as his work.

But the report declares that this differ- ence of handwriting could not possibly be detected by the Civil Service ex- amination board, because they had no other papers from the candidates with which to compare this one.

The board was easily discovered whether the papers were gathered to- gether and examined by the board, and Supt. Byrnes does not believe suc- cessful fraud possible in this direction.

He suggests that there is a substi- tution of a bogus paper, it must have been by some person unfamiliar with the methods of the Civil Service ex- amination.

As far as the police are concerned Inspector M'Laughlin is the examiner.

The report shows that while the ex- amination papers are being prepared, the candidates are to obtain before the examina- tion printed copies of the Board of City Record the questions go to the public printer, who passes them out to his work- men.

After they are printed the papers re- turn to the Civil Service Board, and the same route. After the examination all the papers are retained for ratings by the board, and the papers are kept for a long time.

They go to the Police and Fire Departments experts for ratings.

Inspector M'Laughlin reports that the four papers sent to him, and returned to the Civil Service Board, all that were sent to him were returned by him, and if any were lost they were not lost by him.

Supt. Byrnes suggests that the Civil- service board should be given a device that cannot be counterfeited, so that the candidates can be given a copy of the entire Board of Police Inspectors.

**CONVICTED A MOTORMAN.**  
Lewis Found Guilty of Killing a Young Girl.  
NEWARK, N. J., Sept. 21.—Michael Lewis, the motorman on the Newark and South Orange Street Car Line, who was arrested charged with the killing of Martha Henry on Aug. 4, was placed on trial here to-day. The girl died in- stantly after she was struck by the car.

Witnesses this morning testified that Lewis was driving the car, and that he saw the car struck the girl, that he did not ring the bell or give any warning of the danger.

The trial was finished late in the af- ternoon, and the jury brought in a verdict of guilty. Lewis will be sentenced on Monday.

**Remanded Without Bail.**  
Owen Seery who was shot in the last Monday morning shooting in the park at the foot of Livingston street, is still in Bellevue Hospital. His alleged assistants, William Clarkson and Thomas Sheehan, were remanded in the Essex Street Court today. Justice Finck committed them without bail to await the result of Seery's injuries.

**Stefan Gets Bail.**  
Louis Stager, the ex-convent hall proprietor, who gave testimony before the Lewak Committee regarding ex-Police Capt. Cross and Devery, was released today on bail. He is al- ready under indictment for grand larceny, was yesterday again arrested on the same charge for another offense.

Tammany Hall leaders have decided to renominate Congressman W. Bourke Cockran, and as an earnest of their in- tention will send him to Saratoga as a delegate to the State Convention from one of the Assembly districts which com- pose Mr. Cockran's Congress district.

Mr. Cockran will also be reinstated in his old place as Wigwam orator.

In other words, he has been restored to full power again.

Mr. Cockran's restoration is mainly due to the friendship of his old law partner, Corporation Counsel W. H. Clark, and to Mayor Gilroy, who has always held Mr. Cockran in high es- teem.

Mr. Gilroy tried to make peace be- tween Cockran and Croker when the latter was still leader of Tammany Hall, but failed. He has now done what Croker refused to do.

Mr. Cockran got into disfavour with the former boss of Tammany Hall because he expressed a curiosity to know "where he got it."

**M'CLELLAN OUT OF IT.**  
President of the Board of Aldermen Won't Stand for Re-Election.

President George B. McClellan, of the Board of Aldermen, will not be a candidate for re-election to the office he holds.

This will be a surprise and a cause of regret to the Tammany leaders, as they confidently expected to see Col. Mc- Clellan's name again to catch votes with.

Col. McClellan will retire from public life, but he is tired of being a respectable figurehead for the Board of Aldermen.

He is a young man with a bright political future, and does not want his chances of success destroyed by re- maining any longer in the company of the Tammany Aldermen.

Mayor Gilroy will leave for Saratoga just in time to escape the importunities of the many aspirants for Col. Mc- Clellan's place when the fact becomes known that he is out of it.

(By Associated Press.)  
ALBANY, Sept. 21.—At about 11 o'clock this morning, Lieut.-Gov. Sheehan stopped from a New York Central train and went to the office of David E. Hill, on Broadway. Further than that he declined to say.

Senator Hill declined to talk at all.

At 1 o'clock, Senator Hill with Mr. Sheehan stepped around to a neigh- boring restaurant to lunch. About an hour was spent there, and during the time the two politicians occupied a private room. After lunch, Mr. Jenks, of Brooklyn, came and was admitted. Mr. Jenks, when he came out, said: "I wanted to see Mr. Sheehan on a little personal matter."

Mr. Sheehan leaves this afternoon for Buffalo. He says that while political matters in general were touched upon, he had under a good deal of other, and no plans of any kind were expected to be made. Mr. Sheehan will be in Saratoga on Monday.

Johnson Makes the Half Mile.

(By Associated Press.)  
WALTHAM, Mass., Sept. 21.—Three world's bicycle records were lowered at the Waltham track this morning by some of the crack riders gathered here for private record making.

John Johnson broke the world's record for the half-mile, making it in 54.2 seconds. He was paced by Mayo and Saunders on a tandem. In this trial the world's quarter-mile tandem record was also broken. Time 2:45 seconds.

Harvey Davidson, of Toronto, created another world's record, by making a quarter, unpaced, in 25.13 seconds.
